PIO Fetterman presented a Facebook Activity Report tracking activity from December 4, 2014, to January 7, 2015.

**Enforcement Committee Report**

Enforcement Committee Chair Krejci reported the Committee met on December 12<sup>th</sup>. Procedures for compliance cases and disclosure language are under review. Special Assistant Attorney General Austin is working with CO Mathews to create a proposal for compliance case procedures. The Committee will bring proposals for compliance case procedures and disclosure language to the Board at the February meeting.

**Legislative Committee Report**

Legislative Liaison Lombardi reported the proposed revisions to the Engineers and Architects Regulation Act would be introduced under LB 23. The hearing for LB 23 is scheduled on Friday, January 23<sup>rd</sup>, during the first week of hearings. Meetings have been scheduled with members of the Health and Human Services Committee. Champion and ED Masters will meet with a senator on the Committee at 1:30 p.m. after the Board meeting. Lombardi reported ED Masters had filed the fiscal note and that discussion took place with Senator Krist's staff concerning LB23's statement of intent. Some stakeholders will be contacted to see if they will support the bill at the hearing. Lombardi will reach out to individuals and professionals for written support.

ED Masters distributed two suggested revisions for LB 23 received from stakeholders. After review and discussion of the suggested changes, the Board asked ED Masters to contact the stakeholders to let them know the majority of interested groups had already approved the current language and a last minute change would be problematic. The Board discussed the order and type of testimony members would be presenting at the hearing for the bill. Lombardi stated the pre-meetings would help with language needed for testimony. Lombardi will attempt to obtain written support from individuals, academia or organizations.

Nebraska Board of Engineers and Architects

Board Meeting Minutes

January 16, 2015

The Board reviewed and discussed the following legislative bills:

- LB 22 – Amends Neb. Rev. Stat. § 81-3401 of the Engineers and Architects Regulation Act to provide immunity to architects and professional engineers for certain professional services performed during an emergency.
- LB 28 – Adopts the Radon Resistant New Construction Act.
- LB 138 – Names the Land Surveyors Regulation Act and provides a code of practice.
- LB 141 – Changes provisions relating to the Public Entities Mandated Project Charges Act.

**C Old Business**

**Governance Items**

**New Policy – Issuance of Temporary Permits when an Organization is Involved**

The board discussed requiring a certificate of authorization for an organization involved with a temporary permit holder. The permit holder would be the “professional in charge” on the certificate of authorization. The organization would be notified when the permit is no longer valid and the organization would need to submit a “Change Form” with a Nebraska licensee to keep the certificate active. Staff will bring back a proposed policy to the February meeting. Because of the Board’s interpretation of the law concerning issuance of a certificate of authorization in association with a temporary permit, changes to the process will be implemented immediately.

**Communication for changes to continuing education requirements in Policy 14.09**

PIO Fetterman reported a postcard would be mailed to licensees regarding Policy 14.09 on qualifying web-based continuing education. Further clarification and answers to frequently asked questions have been made available on the Board’s website.

**Other Old Business**

**Revisions to the legislative bill draft of the Professional Landscape Architects Act**

A list of revisions to the original proposed changes for the Professional Landscape Architects Act was presented to the Board. ED Masters reported the State Board of Landscape Architects was still looking for a senator to carry its bill in the 2015 session. The deadline is January 20<sup>th</sup>.

**Action**

Motion by Kester, second by Helgoth that in the event a bill is introduced for the Professional Landscape Architects Act revisions as reviewed, a Board member would be authorized to appear at the hearing with carefully articulated support. Voting Yes: Konzett, Helgoth, Kester, Krejci, Laging, Champion, Klein. Voting No: None. Absent: Choobineh.

**D New Business**

**Governance Items**

**New Policy – Per diem for Meeting Preparation**

A policy to include meeting preparation in per diem was not approved since preparation time is not addressed in the Board’s statutes.

**Clarification of Rule 9.2.2 continuing education requirements**

Staff requested the Board’s interpretation of Rule 9.2.1 and 9.2.2 pertaining to continuing education requirements. Very few states have the same period between license renewals and most have different requirements for continuing education. After discussion, the Board was in consensus that the Web-based Continuing Education Policy 14.09 could not be applied to continuing education submittals that were certified by another jurisdiction. The language on the online renewal and paper renewal forms will be updated to clarify the continuing education period requirements for those selecting another jurisdiction. Konzett reported he would be working with NCEES to propose a uniform continuing education standard for continuing professional competency.

**Engineering Items**

**NCEES Central Zone Awards Committee request for nominations for Distinguished Service Award**
