B Committee Reports

2016-17 Board committee assignments and charges

A list of 2016-17 committees and charges was provided to the Board.

Legislative Ad Hoc Committee Report

Chair Kester reported the Legislative Committee will be scheduling a conference call during the next week with representatives of the Nebraska Codes Officials Association (NCOA) for discussion of proposed exemption changes in the Engineers and Architects Regulation Act. The Board will be looking for a possible sponsor for a legislative bill.

Legislative Liaison Lombardi reported 18 days left before the election with a total of 25 seats out of the chamber's 49 seats affected. Many of the bill sponsors are in close races. The Nebraska Economic Forecasting Advisory Board (NEFAB) will meet on October 28, 2016, to review the current FY 2016-17 forecast and to make its initial estimate of the general fund tax receipts for the 2017-2019 biennium. There will be pressure on state agencies to exercise fiscal spending restraint. Allotment of appropriation has been reduced by 1% per quarter for all agencies and unspent appropriation from FY 2015-16 should be reserved for payment of prior year obligations or justified one-time expense. The Board discussed possible sponsors to carry its bill in the 2017 Legislative Session. Final selection of a sponsor will need to wait until after the election. ED Wilbeck reported additional meetings and communication will take place with stakeholders.

C Old Business

2016 Licensing Ceremony update

PIO Dittmar reported the New Licensee Ceremony scheduled for November 4, 2016, was moved to 3:00 p.m. since the alternate location for the reception is being used by another agency until 4:00 p.m. Konzett will give the keynote address and AIA President Barb Gay and NSPE Chapter President Matt Kruse and will serve as the speakers for the presentation of architects and engineers. Isom and Helgoth will read the names and bios of the honorees. The caterer and photographer have been confirmed.

Doane University engineering program update

Helgoth reported the University of Nebraska was working with other colleges in the state to promote its 3-2 program and would be meeting with Doane University. ED Wilbeck and the Board will continue to offer their support.

Licensing database update

ED Wilbeck reported there were eight responses to the request for information (RFI) and seven software vendors were chosen to give half-day demonstrations. The software demonstrations were attended during the past few weeks and ended on October 18th. The Office of the Chief Information Officer (OCIO) will write a request for proposal (RFP). A maximum level of acceptable expenditures for a new database will be determined for discussions with the Office of the Chief Information Officer (OCIO) when considering a vendor.

D New Business

Architecture Items

NCARB outreach effort with member board leaders

The Board was invited to participate in a new effort to keep up to date on the activities of the NCARB Board of Directors. Board Chairs will be asked to join in a call with the Regional Chair and Regional Director for a pre-Board meeting briefing. Regional Directors will be asked to initiate post-board meeting outreach to the Regional Chairs and to distribute the "Board Brief" summary to all Member Board members.

Nominations for NCEES National Service Awards

The NCEES Committee on Awards is now soliciting nominations for awards to be presented at the 96th Annual Meeting in Miami, FL, on August 23-26, 2017, to recognize individuals who have made exceptional contributions and provide outstanding service to the organization. The completed nomination package must be received at NCEES headquarters no later than January 31, 2017.

Structural Engineering Certification Board Education Certificate for students

The Board reviewed a voluntary program prepared for schools by the Structural Engineers Certification Board (SECB) to assist interested students in beginning the journey to receive an education certificate. Some concern was expressed that this certification might cause confusion since it is not connected to licensure.

Tier selection on certificate of authorization forms

Staff asked for clarification on how to handle certificate of authorization renewals when the licensee tier selection by a firm appears to be questionable.

Action Motion by Helgoth, second by Klein to revise the certificate of authorization renewal form to include the tier submitted with the last renewal and require an architect and/or a professional engineer listed as the licensee in responsible charge to select the current tier and sign an attestation under penalty of perjury. An explanation will be required on the renewal form when a different tier is selected. Voting Yes: Champion, Helgoth, Isom, Klein, Laging, Kester. Voting No: None. Absent: Conzett.

Governor's fiscal restraint memorandum to agencies, boards, and commissions

A memorandum sent to all agencies, boards and commissions by Governor Pete Ricketts on October 14, 2016, asked agency directors and members of boards and commissions to exercise additional fiscal restraint expected of the members of his cabinet because of the tax receipt shortfall.
