

CALL TO ORDER

The December 6, 2024, meeting of the Nebraska Board of Engineers and Architects (NBEA) was held at 215 Centennial Mall South, Suite 400, Lincoln, Nebraska. Vice-Chair Kelly called the meeting to order at 8:30 a.m. and noted the location of the Open Meetings Act. Notice of the meeting was published in the Lincoln Journal Star in compliance with the Open Meetings Act.

Roll Call: Present: Brian Kelly, Vice-Chair; Bruce Dvorak, Secretary; Jan Bostelman; Jim Brisnehan; Brett Foley; Lenora Nelson; Dan Thiele. Absent: Jason Suelter, Chair

Staff Present: Jon Wilbeck, Executive Director (ED); Amy Habe, Compliance Officer (CO); Jean Lais, Administrative Programs Officer (APO); Allyson Bennett, Public Information Officer (PIO); Lilliana Irvine, Compliance Assistant (CA)

Public Comment

Dustin Cole, Chief Industries – Was available to answer any questions regarding a certificate of authorization application for Chief Industries.

Motion by Thiele, second by Bostelman, to approve the consent agenda. Voting Yes: Bostelman, Brisnehan, Dvorak, Foley, Nelson, Thiele, Kelly; Voting No: None; Absent: Suelter

B. MEETING REPORTS

NBEA Subcommittee Reports

A copy of the FY2024-25 committee appointments and charges was provided.

[Legislative Committee](#)

[New Senator Guide from Catalyst Public Affairs](#)

Catalyst Public Affairs provided a guide on the newly elected senators. Chris Jones from Catalyst Public Affairs provided a summary of the November elections and information regarding the upcoming 2025 legislative session. There will be twenty-nine new senators. The average experience of all senators will be two or less years.

Requests for committee chair positions are starting to be submitted. Senator Hansen, current chair of the Health and Human Services (HHS) committee, has put in to be the chair of the executive committee. Senator Rippe has requested to be chair of the HHS committee. Senator Brewer, chair of the Government, Military, and Veterans Affairs (GMVA) committee, has termed out. It is anticipated that Vice-Chair Sanders will become the chair. Senator Clements plans on returning as the chair of the Appropriations Committee.

A new legislative rule was passed that limits senators to introducing twenty bills per session. The Governor recently held a press conference outlining his priorities for the upcoming legislative session. They include gender protection in girls' sports and property tax relief. The Governor's 2025-27 biennium budget proposal will be introduced by January 15, 2025.

ED Wilbeck informed the members there is model legislative language discussed by the American Legislative Exchange Council (ALEC) that, if introduced and enacted, may require agencies to submit data to the governor's office regarding application turnaround times. The Governor would then designate a required turnaround time, and if the agency did not complete it within the designated time frame, the agency would forfeit the application fee. ED Wilbeck will continue to monitor this issue.

C. OLD BUSINESS

Final Text of Proposed Rules Changes

A copy of the final text of the proposed rules changes was provided. Changes include but are not limited to:

- A definition for Public Works added
- Clarification that a degree from an ETAC/ABET-accredited engineering technology program does not meet Nebraska's education requirement for comity licensure even if the application has a Model Law Engineer (MLE) or Model Law Structural Engineer (MLSE) designation on their NCEES council record.
- Separation of US-based comity licensure and foreign comity licensure requirements.
- Adding that a licensee who has knowledge or reason to believe that any person or organization has violated the rules or laws applying to architectural or engineering practice is to report such within 90 days to the Board.
- Promulgating Board Policy 24.03 related to sealing large specifications involving multiple licensees
- Adding the validity of a certificate of authorization
- Adding the maximum continuing education hours that can be granted in a 24-hour period
- Clarifying the requirements for submitting continuing education audit documents

Motion by Thiele, second by Nelson, to approve the final text of the rules revisions as presented. Voting Yes: Bostelman, Brisnehan, Dvorak, Foley, Nelson, Thiele, Kelly; Voting No: None; Absent: Suelter

Feedback re: NCEES Member Update & ICOR Presentation on Overlapping Practice

Feedback related to the ICOR Webinar on the status of the Overlapping Practice Task Force was provided. ED Wilbeck inquired whether the task force's intention was to develop draft model language for each of the professions included in the study that could then be used by each national organization to develop its own model language for use by its member boards. Foley, who sits on the oversight committee, stated the challenge is in making any suggested model language operational within existing language and determining what is acceptable overlapping practice. Foley added an additional challenge is how to get each jurisdiction to integrate into its statutes and rules, and the committee is running into bureaucratic issues with national organizations.

NCEES Call for 2025 Service Awards

A copy of NCEES' call for 2025 service award nominations was provided. Nominations are due by January 31, 2025. Vice-chair Kelly recommended ED Wilbeck be nominated for the Meritorious Service Award for his involvement at the national level. Staff was charged with preparing and submitting the nomination by the deadline.

Motion by Nelson, second by Thiele, to have staff investigate which service award Wilbeck would qualify for and nominate him for such. Voting Yes: Bostelman, Brisnehan, Dvorak, Foley, Nelson, Thiele, Kelly; Voting No: None; Absent: Suelter

[Update on Licensee Database Replacement Project w/NCARB](#)

ED Wilbeck updated the members on the progress of the database replacement project.

D. NEW BUSINESS

[NCARB BOD Brief, September 2024](#)

A copy of the September 2024 NCARB Board of Directors' Brief was provided. The brief included information on the *Pathways to Practice* initiative, specifically the *NCARB Competency Standard for Architects*, which will be used to review initial competency assessment concepts from the Licensure Process Research & Development Task Force. The Pathways aims to update and expand licensure access to individuals of all backgrounds by creating a more flexible licensure model, including expanded options for individuals who do not hold an NAAB-accredited degree.

[Service Award for Wedige](#)

The Board discussed ordering a service recognition plaque from Cornhusker State Industries to be presented to former Board member Alan Wedige.

Motion by Thiele, second by Bostelman, to approve presenting Wedige with a service recognition plaque from Cornhusker State Industries. Voting Yes: Bostelman, Brisnehan, Dvorak, Foley, Nelson, Thiele, Kelly; Voting No: None; Absent: Suelter

[2025-26 Board Officer Elections](#)

2025-26 board officer elections will take place in March 2025. Traditionally, officers have moved up in the positions with a new secretary being elected. Vice-Chair Kelly offered to serve in that office again for 2024-25. However, Kelly stated he did not want to serve as chair again in 2025-26 since he served as such in 2023-24. As a result, one scenario suggested was that Dvorak be nominated as Chair, and elections held for new vice chair and secretary. The members were asked to consider serving during 2025-26.

[Outreach & Marketing Update](#)

PIO Bennett updated the members on the FY2024-25 Marketing Plan and Outreach. Highlights included:

- The latest edition of *The Nebraska Professional* was released on November 25, 2024
- A *Lunch and Learn* webinar was held on November 20, 2024, covering license renewals, continuing education requirements, and audits. There were approximately 690 attendees
- PIO Bennett is scheduled to present at the Engineers Club of Omaha on December 10, 2024
- Several organizations have been contacted regarding presentations at 2025 conferences
