COMPLAINT NO.: 25.38

SETTLEMENT AGREEMENT

COME NOW the Complainant, State of Nebraska Board of Engineers and Architects (the "Board"), and Respondent, Steven H. Stoppkotte ("Respondent"), and in consideration of the mutual covenants and agreements contained herein, stipulate and agree as follows:

THE PARTIES

1. Respondent, Steven H. Stoppkotte (E-10668), is an individual who holds a license in the State of Nebraska for the practice of engineering.
2. Complainant, the Board, was created by the State of Nebraska to oversee the laws and rules which govern the practice of engineering and architecture in the state in order to safeguard life, health, property and promote public welfare pursuant to *Neb. Rev. Stat. §§ 81-3401 – 81-3455* and Title 110 of the Nebraska Administrative Code.
3. On October 2, 2025, the Board received a renewal application from Respondent, wherein Respondent affirmed that Respondent had "satisfied the mandatory continuing education requirements of Nebraska."
4. On December 1, 2025, Respondent's renewal application was audited pursuant to Neb. Admin. Code Title 110 Rule 9.7, and it was determined that Respondent had not satisfied the mandatory continuing education (CE) requirements of Neb. Admin. Code Title 110 Rule 9.2 at the time Respondent had submitted the renewal application.

5. The Board finds that Respondent submitted a materially false statement in connection with Respondent's renewal application and is in violation of Neb. Admin. Code, Title 110, Rule 9, et al., and is, therefore, subject to Disciplinary Action pursuant to Neb. Admin. Code, Title 110, Rule 5.4. et al.

6. In an effort to resolve this matter without further formal proceedings, Respondent agrees to enter into this Settlement Agreement.

7. In the event there are any further violations of Nebraska statutes or regulations, the parties agree that the Settlement Agreement will not be construed as a legal admission by Respondent of a violation of law or regulation, except for the limited purpose as referenced in this Agreement.

8. Respondent is entitled to a formal process, including a hearing as provided by law. However, the Board and Respondent have agreed by way of this Settlement Agreement to resolve this matter, without formal process, including a formal hearing. Respondent hereby waives his right to any hearing or procedure provided by law and further waives any right to review any order entered by the Board prior to an entry of final order in this case.

9. The Board agrees it will forego prosecuting the formal action against Respondent, except, if necessary, to enforce the terms of this Settlement Agreement, if Respondent complies with the Settlement Agreement, including the following terms:

(A) Respondent voluntarily surrenders their Nebraska professional engineer license (E-10668) issued by the Nebraska Board of Engineers and Architects, effective upon execution of this Agreement.

(B) Respondent and the Board understand that this Settlement Agreement and voluntary license surrender do not represent disciplinary action against Respondent's license to practice engineering in Nebraska and will not be reported to the national licensure enforcement database.

10. Respondent voluntarily agrees to the terms of this Settlement Agreement.

11. Respondent agrees and understands that if Respondent is found to violate any other or separate provision of Nebraska law or regulation which govern the activities of licensed professional engineers in the State of Nebraska within a period of five (5) years of executing this Settlement Agreement, the Board may consider matters referenced in this Settlement Agreement in imposing any subsequent penalty against Respondent for separate offenses.

12. Respondent agrees and understands that if Respondent does not comply in all respects with the terms of this Settlement Agreement, the Respondent's license shall be considered suspended without further action by the Board. Respondent also agrees and understands that the Board is also entitled to pursue all other remedies allowed pursuant to Nebraska law and regulations, including a separate proceeding brought against Respondent with respect to the violations alleged in the complaint.

13. The parties agree and understand this Settlement Agreement is not binding unless and until it is accepted and approved by the Board.

Dated this 27th day of January, 2026.

By: 

Jon Wilbeck
Executive Director
Nebraska Board of Engineers and Architects
