Motion by Thiele, second by Suelter, to approve the consent agenda as presented. Voting Yes: Foley, Kelly, Nelson, Thiele, Suelter; Dvorak; Voting No: None; Absent: Bostelman, Brisnehan

B. MEETING REPORTS

NBEA Subcommittee Reports

A copy of the FY2024-25 committee appointments and charges was provided.

[Compliance Committee - Guidelines for Practicing on Expired License Penalties](#)

Per previous discussions and at the request of the members, an updated chart showing the action to be taken when someone is found practicing on an expired license was provided. After discussion, the following were added to the guidelines:

- Ethics course completed within 60 days to scenarios where first instance of unlicensed practice is discovered longer than 12 months after license expired, and
- Add imposition of costs to all scenarios where settlement agreement is proposed.

Motion by Kelly, second by Nelson, to adopt chart revisions and authorize staff to offer consent agreements accordingly. Voting Yes: Foley, Kelly, Nelson, Thiele, Suelter; Dvorak; Voting No: None; Absent: Bostelman, Brisnehan

Legislative Committee - Introduced Bills of Note

A list of introduced bills of potential interest to the Board with the latest statuses was provided. Tim Gay, Catalyst Public Affairs, reported on the 2025 legislative session.

C. OLD BUSINESS

Trade Name Request Denial Appeal

An appeal was received from *Veteran Engineering and Technology LLC* on the denial of the organization's request to use engineering in its name. The Board upheld its action taken on February 21, 2025 and took no action.

Update on Licensee Database Replacement Project w/NCARB

ED Wilbeck updated the members on the progress of the database replacement project. He provided screenshots from the system showing how the application relationships are being set up.

Rules Promulgation Adoption

The members discussed the written comments received.

Proposed Rule 4.1.5 grew out of a mutual recognition agreement (MRA) that NCEES and the Engineering Council-UK signed last year. The Board is a member of NCEES.

These rules are intended to set up the license requirements for those engineers who meet the requirements set out in the proposed rule and who seek licensure in Nebraska. The rule is intended to be plainly interpreted. Additionally, the MRA should also help US-licensed professional engineers get licensed in foreign countries.

Anyone granted a license would still have to meet any other requirement Nebraska has in place, including establishing their lawful presence in the United States in accordance with N.R.S. §4-108.

The Board's position is there is no need to include an explicit reference to lawful presence in the new proposed section because N.R.S. §4-108 is already law and would apply to that proposed Rule Section as it would to any rule regarding any public benefit a state agency provides. A professional engineering license is most certainly a public benefit and has applied to every license and credential the Board has issued since N.R.S. §4-108 was enacted in 2009. Including a reference to that section would be redundant.

Motion by Nelson, second by Thiele, to adopt the rules revisions as proposed. Voting Yes: Foley, Kelly, Nelson, Thiele, Suelter; Dvorak; Voting No: None; Absent: Bostelman, Brisnehan

D. NEW BUSINESS

Possible Operational Planning Topics

ED Wilbeck provided a list of possible topics for the 2025 Operational Planning meeting, which typically takes place in May. He will work with the Chair Dvorak to set a date and finalize the agenda. The following additional topics were suggested:

- Tracking interior design practice
- Creating abstracts with outcomes for presentation/speaker requests

Trade Name Request

The *Nebraska Women in Architecture* organization requested to use architecture in its trade name. The organization is a social and networking group that has existed for nearly two decades, focusing on empowering
