A list of introduced bills of potential interest to the Board, with their latest statuses, was provided.

C. OLD BUSINESS

Update on Licensee Database Replacement Project w/NCARB

ED Wilbeck updated the members on the progress of the database replacement project.

Vice-Chair Nelson entered the meeting at 8:38 a.m.

D. NEW BUSINESS

Trade Name Request; “Architectural Exteriors and Concepts”

A request to use the term *architectural* in the DBA name of *Architectural Exteriors and Concepts for Associated Enterprises LLC* was received. The organization provides services related to building exteriors, and states will partner with licensed architects and engineers when needed. It states the use of the term is solely descriptive.

Motion by Thiele, second by Bostelman, to deny the request to use the term architectural in the DBA name of Architectural Exteriors and Concepts. Voting Yes: Kelly, Suelter, Nelson, Thiele, Bostelman, Foley, Dvorak; Voting No: None; Absent: Brisnehan

Occupancy Classification Question #1; Concession Stands

A request for clarification was received on the need for licensees in the construction of a concession stand at an existing ballfield. After the discussion, it was determined that the project falls under the M-Mercantile classification.

Occupancy Classification Question #2; Townhomes

A building official requested clarification on how the Board interprets the occupancy classification of townhouses. After the discussion, it was determined that the occupancy classification would be determined by how the firewall was constructed. A licensee should be involved in the review to ensure the correct classification is used.

Clarification on certain CE activities being related to “ethical” practice

Staff requested clarification as to whether courses promoting accessibility or universal design satisfy the ethics requirement for continuing education (CE). NCARB is defining such courses as ethical. After discussion, it was determined that such designs are qualitative and required as part of the project design. Under the new NCARB competency standards, universal design and ethics are in separate domains. No change in the current CE audit process is needed.

Outreach & Marketing Update

PIO Bennett updated the members on the FY2024-25 Outreach and Marketing Plan. Highlights included:

- ED Wilbeck presented to the Department of Energy and Environment on April 30th
- PIO Bennett will be presenting at the Nebraska Society of Professional Engineers Summer Annual Meeting on June 5th in David City
- CO Habe and CA Irvine will be presenting at the Nebraska Association of County Officials County Board Workshop on June 5th in Kearney
- PIO Bennett conducted a three-day trip, April 21- 23, visiting Bert, Colfax, Cuming, Dodge, Douglas, Platte, Stanton, Thurston, Washington, and Wayne counties. 40 total towns, villages, and county offices were visited.
- On May 6th and 12th, webinars on the E&A Act and a Board overview were held for first and second-class city, county, and building officials in legislative districts 40, 42, 43, 44, 47, and 48.
