

CALL TO ORDER

The August 8, 2025, Nebraska Board of Engineers and Architects (NBEA) meeting was held in the Lancaster Room at 301 Centennial Mall South, Lincoln, Nebraska. Chair Dvorak called the meeting to order at 8:31 a.m. and noted the location of the Open Meetings Act. Notice of the meeting was published in the Lincoln Journal Star in compliance with the Open Meetings Act.

Roll Call: Bruce Dvorak, Chair; Lenora Nelson, Vice-Chair; Jim Brisnehan; Brian Kelly; Jason Suelter; Absent: Dan Thiele, Secretary; Jan Bostelman; Brett Foley

Staff Present: Jon Wilbeck, Executive Director (ED); Amy Habe, Compliance Officer (CO); Jean Lais, Administrative Programs Officer (APO); Allyson Bennett, Public Information Officer (PIO); Lilliana Irvine, Compliance Assistant (CA); Cole Gressley, Administrative Programs Officer (APO)

Suelter was appointed secretary in Thiele's absence.

[Discussion of Motions to be Presented at the 2025 NCEES Annual Meeting](#)

A copy of the action items to be presented at the 2025 NCEES Annual Meeting in New Orleans, LA, on August 19-22, 2025, was provided. ED Wilbeck also provided position recommendations for the members' consideration. He is recommending the Board adopt the NCEES Board of Directors' positions except for Motion Licensure 1 as discussed at the July 2025 Board meeting.

Oklahoma will present a substitute motion for ACCA Motion 1. The original motion would not allow debate on the intent of the original motion passed at a prior meeting of the NCEES on revisions to its *Model Law* or *Model Rules* language when the UPLG Committee presents the revised language based on that motion at the next annual meeting. The substitute motion would eliminate the need for revisions to be brought before the member boards for adoption and would give UPLG the ability to develop and present the revisions to the NCEES Board of Directors. If the NCEES Board of Directors determines the language reflects the Council's intent, the revisions will become effective immediately. If the language is found to be insufficient, it would be returned to the UPLG committee for revisions. If the committee and Board of Directors cannot reach a consensus before the next annual meeting, the matter will be placed on the meeting agenda. If placed on the agenda, the original intent of

the motion is not to be debated, but may include discussions regarding the implementation of the revised language. The presiding officer will make the determination upon advice of the parliamentarian.

Motion by Nelson, second by Suelter, to authorize the voting delegate to vote according to the position recommendations as discussed and to use their discretion based on the discussion and information provided at the meeting. Voting Yes: Suelter, Brisnehan, Kelly, Nelson, Dvorak; Voting No: None; Absent: Bostelman, Foley, Thiele

Sam Wilson from DC has been nominated for NCEES President-Elect. Elections will be held at the NCEES annual meeting later this month.

Potential Changes to E&A Act and Board Rules

A copy of the proposed statute and rules revisions based on the discussion at the July 2025 board meeting. A list of all proposed revisions is included with these minutes. New proposed revisions include:

- **Rule 1.11.4.1** - Revised to *Professional engineers and architects whose licenses are in good standing and subject to renewal, but who are not engaged in their professional practice, may elect emeritus status.*
- **Rule 2.8.1** - Revised from listing a specific amount of the educational debt reimbursement to indicating the reimbursement is the current NCEES FE exam registration fee. The revision will eliminate the need to revise the rule each time the registration fee is changed.
Chair Dvorak requested a better understanding of the impact of the debt reimbursement before a final decision on the revisions is made.
- **Rule 3.7.1** - Revised to point back to Rule 2.8.1 with regard to the reimbursement amount.
- **Rule 2.4.1.6** - Removed as it is not needed with direct registration, as Rule 2.4.1.1 already states the Board will follow NCEES policies and schedules for taking the exams.
- **Rule 2.4.1.7** - Removed as it is not needed with direct registration, as Rule 2.4.1.1 already states the Board will follow NCEES policies and schedules for taking the exams.
- **Rule 2.4.1.8** - Removed as it is not needed with direct registration, as Rule 2.4.1.1 already states the Board will follow NCEES policies and schedules for taking the exams.
- **Rule 2.6.3** - Revised to remove “*Professional Architectural Engineers are considered competent to design engineering systems commonly associated with buildings.*”, as it is not needed.
- **Rule 2.6.4** - Revised to remove “...who are...” to make consistent with other sections of the Rules.

The members approved the revisions to the statutes as follows:

- **81-3437.01(2)** – Revised to read, “*Whenever the seal is applied, the licensee’s signature and date shall be either across or adjacent to the seal. The signature shall not obscure the licensee’s name or license number in the seal. The board may adopt and promulgate rules and regulations for application of the seal.*”
- **81-3437.01(10)** – Repealed
- **81-3451(2)** - Repealed to allow for direct registration of the PE examination
- **81-3451** - Section revised to include initial licensure requirements that were previously listed in 81-3451(2); remaining sections renumbered

The members directed ED Wilbeck to begin the search for a sponsor to introduce a bill during the 2026 legislative session with the assistance of the Board’s legislative liaison.

Motion by Suelter, second by Nelson, to approve the statute revisions as presented and discussed to support a legislative bill to revise the E&A Act. Voting Yes: Suelter, Brisnehan, Kelly, Nelson, Dvorak; Voting No: None; Absent: Bostelman, Foley, Thiele

Feedback Requested on Potential Changes to Remove PE Exam Approval from the Act

At the members' request, ED Wilbeck contacted the Nebraska Society of Professional Engineers (NeSPE), the Professional Engineers Coalition (PEC), and the American Council of Engineering Companies – Nebraska Chapter (ACEC) for feedback on the proposed revisions related to moving to direct registration with NCEES for the PE exams. ACEC responded in favor of the revisions.

Update on Licensee Database Replacement Project w/NCARB

ED Wilbeck updated the members on the status of the database replacement project.

D. NEW BUSINESS

NCARB Professional Conduct Committee Rules of Procedure and how it interprets board consent agreement language

ED Wilbeck serves on the NCARB Professional Conduct Committee (PCC) for FY25-26. The committee reviews disciplinary action of NCARB certificate holders to determine if the certificate should be revoked or if further action should be taken by NCARB. In a review of the committee's charges, he discovered that if a consent or settlement agreement shows no finding or agreement that the law has been violated, no review is required of the PCC. Currently, the language used by the Board doesn't include such language, but the Board noted this as it may affect any future consent agreements offered.

New question added to the NCARB Certificate renewal application

ED Wilbeck has received several calls from architects renewing their NCARB Certificate, stating NCARB has added the following item to the renewal form.

I have contacted my licensing board to learn about my jurisdiction's specific rules of conduct.

ED Wilbeck sent an inquiry to NCARB to find out the intentions behind the item, and NCARB later informed ED Wilbeck that the question is being removed.

Draft New Licensee Ceremony Program

A draft of the *New Licensee Ceremony* program was provided.

Vice-Chair Nelson was selected to read the architect names at the ceremony.
