Acceptable Activities

- Examples of acceptable activities per Rule 9.2.3:
 - Successful completion of short courses, tutorials, web-based activities, and distance-education courses offered for self-study, independent study, or group study
 - Presenting or attending qualifying seminars, in-house courses, workshops, or professional or technical presentations
 - Participating in the development of items for NCEES or NCARB examinations
 - Active participation in professional or technical societies in which a licensee either serves as an officer or actively participates in a technical committee of the society related to the practice of architecture or engineering
- Rule 9.2.3 lists acceptable activities
- As a reminder, no pre-approval of offerings will be issued

Web-Based (Online) Offerings

- Web-based offerings include webinars, video conferences, online meetings, pre-recorded presentations, etc.
- Web-based offerings are **not restricted** and may constitute **all** of the biennial education requirements if it:
 - Enables both the instructor and attendees to give, receive, and discuss information in **real-time**, and/or
 - Is **provided** by:
 1. International Association for Continuing Educational Training (IACET) approved providers,
 2. Institutions of higher education that have an accredited program in architecture or engineering,
 3. Professional engineering or architectural societies,
 4. Technical societies and associations recognized at a national level,
 5. Governmental agencies,
 6. NCARB and NCEES, or
 7. American Institute of Architects-approved providers
- Web-based offerings from a provider not listed above **are restricted** and may constitute **no more than one-fourth** of the biennial education requirement.
 - Six hours for architects
 - Seven and one-half hours for professional engineers

Web-Based (Online) Offerings

- (1) International Association for Continuing Educational Training (IACET) approved providers, (2) institutions of higher education that have an accredited program in architecture or engineering, (3) professional engineering or architectural societies, (4) technical societies and associations recognized at a national level, (5) governmental agencies, (6) NCARB and NCEES, or (7) American Institute of Architects approved providers.

Restrictions

- At least one hour must be directly related to ethical issues of a licensee's professional practice.
- Individuals who are both a licensed architect and professional engineer may use ethics-related hours and any hours to satisfy CE requirements of both licenses if the subject is BOTH architecture- and engineering-related.

Self-Guided Activities

- Planned and performed under licensee's own direction and guidance
- Must complete and submit [Nebraska Continuing Education Self-Guided Reporting Form](#) to be considered
- Architects – max. 6 hrs
- Professional Engineers – 7-1/2 hrs max.

Units and Carry-Over

- The Board has final authority with respect to approval of courses and credits
- **No pre-approval of activities**

Units and Carry-Over

- One actual hour is equivalent to at least 50 minutes of instruction.
- Credit for teaching or presenting an activity may be credited to double the actual hours. Credit is only valid for the first offering or presentation. Full-time faculty may not claim credit associated with regular teaching duties.
- Participation on a professional or technical society's technical committee is equivalent to the actual hours spent on that committee.
- Developing exam items for NCEES or NCARB – 15 actual hours per calendar year.
- Serving on an ABET/EAC- or NAAB- accreditation program evaluation team – 15 actual hours per evaluation.

Units and Carry-Over

- All licensees are eligible to carry up to half of their required credits from the previous 2-year period to the current biennium period.
 - Architects - 12 hours
 - Professional engineers - 15 hours
- Documentation must be provided to prove the licensee has excess hours eligible for carryover
- Ethics hours may be carried over
- The Board will grant a maximum of 10 hours in any calendar day

Recordkeeping

- Licensees are responsible for maintaining records necessary to support credits claimed for continuing education. Required include, but are not limited to:
 - Records relating to continuing education maintained by NCEES, NCARB, or other organizations, **OR**
 - A completed Continuing Education Log of your continuing education activities for the renewal period AND attendance verification records in the form of completion certificates or other documents supporting evidence of attendance.

* Board Rule 9.4.2 covers the conversion of other units of credit to actual hours.

** Board Rule 9.3.1 limits the number of allowable CE hours gained through web-based instruction. Please see Chapter 9 of the [E&A Handbook](#) for more information.

Exemptions and Waivers

- Licensees may be exempt from CE requirements for one of the following reasons:
 - Licensees who are licensed by examination or comity are exempt from their initial renewal period.
 - If a licensee served on active military duty for a period of time exceeding 120 days in a calendar year, they may be exempt from partial or all CE requirements.
 - If experiencing physical disability, illness, or other extenuating circumstances. Supporting documentation must be provided, and the Board must review and approve.
 - Their license is in Emeritus status.
- The Board may, at its discretion, waive the continuing education requirement for any architect or professional engineer.

Summary of Hours

	Professional Engineers	Architects
Total Required Hours (min.)	30	24
Restricted online hours (max.)	7½	6
Self-guided activities (max.)	7½	6
Ethics hours (min.)	1	1
Carry-over allowed (max.)	15	12

More info on acceptable activities and CE credits can be found in [Chapter 9](#) of the E&A Handbook.

Continuing Education (CE) Audits

Audit Notification

- The Board may audit any licensee for compliance with CE requirements
- Licensees selected randomly
 - No more than 5% of total number of licensees
- If a licensee is selected, they will be notified **after January 1, 2026** by mail and email.

Audit Requirements

- **If selected for an audit**, the following information must be submitted for review:
 - Records relating to continuing education maintained by NCEES, NCARB, or other organizations **OR**
 - A completed [Continuing Education Log](#) of your continuing education activities for the renewal period **AND** attendance verification records in the form of completion certificates or other documents supporting evidence of attendance.
- The CE log and attendance verification records must **be arranged in order by completion date** and **combined into one document**, such as a PDF.
- If the Board receives materials not in compliance with this requirement, the information will not be reviewed, and the licensee will be required to resubmit their information in conformance with these requirements.

Audit Requirements

- If the Board disallows any of the continuing education hours claimed, the applicant must, within 60 days after notification of disallowance, substantiate the original claim or earn other credit to satisfy the continuing education requirement.
- Extension of time may be granted by the Board on an individual basis but must be requested by the licensee within 30 days after notification of disallowance and may not exceed an additional 60 days.

Reminders

- If claiming carryover hours from a previous renewal period, all documents for that previous renewal period must also be submitted in addition to the 2024-25 renewal period documents.
- **Do not send CE documentation unless you receive an audit notification.**
- **A CE provider who says they are approved in Nebraska or “all 50 states” is a red flag.**

Resources and Materials

Resources

The E&A website offers a range of resources that can be accessed or requested at no cost.

The screenshot displays the official website of the State of Nebraska Board of Engineers and Architects. The header features the organization's name and a navigation menu with links to Home, Licensee Lookup, Architects, Engineers, Organizations, Board, Enforcement, Resources, Meetings, Forms, FAQ, and Contact. The 'Resources' dropdown menu is open, showing options like 'The Nebraska Professional NBEA Lunch and Learn Webinar Series', 'Publications', 'Latest News', and 'Links of Interest'. The main content area is titled 'Publications' and includes links to 'The Nebraska Engineers and Architects Regulation Act Handbook' and 'The Nebraska Board of Engineers and Architects Social Media Accounts'. Below these are five book covers: 'Before You Build', 'Before You Build (Español)', 'Becoming an Architect', 'Becoming a Professional Engineer', and 'A Guide to Remediation'. At the bottom, there is a call to action: 'Check out the latest NBEA news from our blog!', followed by the text 'Need brochures? Handbooks?
