B. MEETING REPORTS

Ad Hoc Committee Reports

Legislative Report

Legislative Liaison Lombardi summarized a list of building related bills that were recently passed by the legislature. A short legislative session will be held in 2020. Deciding how to distribute the workload for LB 299, which established the Occupational Board Reform Act in 2018, has been a concern. Beginning in 2019, each standing committee of the Legislature is tasked to annually review and analyze approximately twenty percent of the occupational regulations within its jurisdiction and submit an annual report to the Clerk of the Legislature by December 15 of each year.

Legislative Committee Report

The Legislative Committee met on April 30, 2019. The Committee reviewed the Engineers and Architects Registration Act revision draft discussed by the Board at its 2019 Operational Planning meeting on April 16, 2019. Some additional revisions were suggested. The Committee agreed on two potential sponsors for a legislative bill for the 2020 session. A letter will be sent to stakeholders with the proposed changes and intent. If the Board allows direct registration for examinations, fees may need to be revised since an application would not be seen until an applicant applies for licensure. The Committee discussed plans for stakeholder engagement for the rest of 2019. ED Wilbeck will follow up with the Executive Director of the American Council of Engineering Companies (ACEC) to see where ACEC stands on the decoupling issue. ED Wilbeck will attend the Nebraska Society of Professional Engineers (NSPE-NE) Summer Annual Meeting on June 6-7, 2019.

Professional Services Committee Report

The Professional Services Committee will hold a meeting on May 20, 2019, in the Board office to implement the provisions of Board policies 13.02 and 14.07 relating to legislative liaison consultant services for FY 2020-21.
Other Meeting Reports

Wilbeck reported he had been appointed to NCARB’s FY19 Policy Advisory Committee.

C. OLD BUSINESS

Marketing progress report and FY 2019-20 Marketing Plan draft

PIO Mayhew reviewed the proposed FY 2020-21 Marketing Plan with the Board. Priorities and changes were summarized. Efforts will remain focused on reaching out to organizations and the public.

Thomas R. Kimball; Nebraska Hall of Fame induction information

The legislative resolution to honor Thomas Rogers Kimball at the State Capitol on June 25, 2019 for his induction to the Nebraska Hall of Fame was reviewed by the Board. ED Wilbeck reached out to Sara Kay, Executive Director of AIA and worked with Gary Bowen on language to be included in remarks at the induction ceremony to award an honorary license.

Emeritus responses to removal of Rule 1.13.4.3 from Title 110

As of April 27, 2019, architects or professional engineers who elected emeritus status are no longer subject to annual renewals or fees. Rule 1.13.4.3 has been removed from Title 110, NAC, Rules and Regulations. A notice was emailed to all Emeritus Architects and Emeritus Professional Engineers. Several responses concerning the change were reviewed.

D. NEW BUSINESS

Proposed NCEES Bylaws changes

Proposed changes to the bylaws to be voted on at the 2019 NCEES annual meeting were presented. The Board will review the proposals to the bylaws and resolutions at its June or August meeting and authorize the delegates to vote as directed at the annual meeting.

NCEES Central Zone Meeting recap

Ed Wilbeck reported discussion and motions that took place at the NCEES 2019 Central/Northeast Zone Interim Meeting held in Portsmouth, NH. ED Wilbeck asked NCEES representatives if new compliance updates could be pushed out to member boards quarterly. Many jurisdictions are reacting to sunset provisions and some have been asked to provide a list of criminal convictions that would preclude licensure and veterans provisions for licensure. Decoupling experience from the PE exam was discussed. Steven Matthews, the Chief Technology Officer at NCEES announced receiving requests for the NCEES PE exam record to replace the licensure application. NCEES is working on the request but has run into some caveats. NCEES headquarters is being relocated to Greenville, SC, from its current location in nearby Seneca, SC. The move will be completed by spring 2020 and coincide with the organization’s 100th anniversary.

NCEES notice of future changes to exams and supporting materials

The NCEES Manual of Policy and Position Statements, Exam Development Policy (EDP) 9, requires a one-year notice of changes to NCEES exams and supporting materials. Notifications included the following:

- FE exam will have new specifications beginning in July 2020. The specifications will be posted on the NCEES website January 1, 2020.
- PE Chemical exam will have new specifications beginning in January 2020. The specifications will be posted on the NCEES website on July 1, 2019.
Nebraska Board of Engineers and Architects
Board Meeting Minutes – May 17, 2019

- PE Mechanical exam will have its last paper administration in October 2019. Beginning November 4, 2019, examinees will be able to register and schedule computer based testing (CBT) appointments, which will be available year-round starting April 1, 2020.
- PE Control Systems Engineering exam will have new specifications beginning in October 2019. The specifications are posted on the NCEES website.
- PE Petroleum exam will transition to CBT in October 2019.
- PE Fire Protection and PE Mechanical exams will be offered in pencil-and-paper format for the last time in October 2019 and will transition to CBT in October 2020.

NCARB congratulatory letter

A congratulatory letter signed by each member of the Nebraska Board of Engineers and Architects will be sent to the National Council of Architectural Registration Boards (NCARB) in honor of its 100th anniversary.

G. FINANCIAL MATTERS

Financial Reports

FY 2018-19 Financial Profile, as of April, 2019

Budget Status Report, April 2019
MTD General Ledger Detail Report, April 2019
Fund Summary Report, April 2019

ED Wilbeck reviewed the April 2019 financial reports with the Board.

Other Financial Matters

Appropriations Committee Amendment re: NBEA Budget

AM1329, amending appropriations in LB 294, was adopted on May 8, 2019. The salary limit base was increased by $17,844 in FY 2019-20 and $18,547 in FY 2020-21 from the original Appropriations Committee recommendation. The total appropriation was not adjusted for FY 2019-20 and FY 2020-21.

Discussion of database development issues

ED Wilbeck reported user testing had not started for the database development. The original statement of work (SOW) was signed in January 2017. Hiring a SOS temporary part-time senior IT position would help to fix critical issues in the current database and assist with investigating other database options. A state Covendis contract is also available for IT support.

Motion by Isom, second by Klein to terminate the agreement for database development as outlined in the SOW and request a refund for expenditures to date. Voting Yes: Klein, Peters, Thiele, Foley, Isom. Voting No: None. Abstain: Johnson. Absent: Bostelman, Kelly.
